

AMMA YOUTH FORUM

Expression of Interest

Dear AMMA Family Members,

All young people are important for any society. The period from adolescence to adulthood is a time of new opportunities and significant change. It is marked by transitions and challenges where young people are expected to take more responsibility for themselves, their relationships and decisions about their lives that shape their future prospects.

With the objective of facilitating youngsters in our community to grow up safe, healthy, happy and resilient as well as engage in multicultural societal life with strong traditions and heritage, AMMA Management committee proposes to form **AMMA YOUTH FORUM**.

Therefore, expression of interest is sought from the young members of AMMA Family.

The interested youngsters in the age group of 15 to 25 years (as of 01.07.2009) are encouraged to fill in this form and forward to **Jose Joseph, President, AMMA** or **Suresh Thankamala, Secretary, AMMA**.
